

# COLLEGE & FINANCIAL AID SUPPORT FOR AZ STUDENTS

While we are all dealing with the unfortunate realities of the COVID-19 pandemic, our thoughts continue to be with the thousands of high school seniors who now find themselves with a whole new set of challenges.

As a network of institutions and organizations committed to the educational success of Arizona students, we have put together the following college and financial aid resources to support high school seniors and their families during these uncertain times. Our goal is to let as many Arizona high school seniors as possible know about these resources and make sure they know our community is here to support them during this critical time in their educational journey.

## We are asking individuals to:

- 1) Share these resources with your friends and family
- 2) Promote this support through your social media channels
- 3) Share this document with your employer and ask them to promote these resources to their employees

## We are asking organizations to:

- 1) Share these resources with the families you serve and/or your clients
- 2) Share this information with your employees as a resource for them and their families
- 3) Promote this support through your social media channels

Thank you in advance for helping us help more Arizona students in their pursuit of a higher education!

## One page document with a list of resources for students and ways to receive support:
